

2026-2027 Season Dress Code

As we enter a new season, we kindly ask all dancers to follow the uniform guidelines outlined below. A consistent dress code helps foster structure and focus by minimizing distractions and reinforcing a sense of routine. It also allows instructors to clearly observe each dancer's alignment and technique—key elements in their progression and development. Above all, we believe that maintaining this standard reflects the professionalism and respect that ballet demands, as an art form deeply rooted in tradition, precision, and discipline.
